Indigenous Research Symposium

At Cedar Creek Ecosystem Science Reserve

1:00 – 8:00 PM

Please join us for an Indigenous research symposium that brings together Native undergraduate researchers, their research mentors, and scientists to explore the intersections of Indigenous and Western scientific traditions within the contexts of creating research projects that leverage both. The schedule includes time and space to share the thoughts and ideas each of bring to the meeting. We'll also explore indigenous research models developed by Native researchers such as Shawn Wilson in his book: *Research Is Ceremony*, and Robin Wall Kimmerer from her book: *Braiding Sweetgrass: Indigenous Wisdom, Scientific Knowledge, and the Teaching of Plants*. See schedule below for more details.

Who Should Attend:

- Native undergraduate and high school students actively engaged in research.
- Research mentors who are guiding Native students in their research.
- Research scientists interested in mentoring Native students.

Symposium Schedule:

1:00 – 2:30	Opening Circle
2:30 – 4:00	Exploring Indigenous Research Models
4:00 – 4:15	Break
4:15 – 5:30	Working Groups – Weaving Indigenous Elements In To Our Research Experiences
5:30 – 6:00	Group Reports
6:30 – 7:00	Barbeque Dinner
7:00 – 8:00	Closing Circle

Location:

Cedar Creek Ecosystem Science Reserve
East Bethel MN, 55005
